

Progress report

Privacy statement

This report is only intended to capture anonymous data (i.e. no personal information which could be attributed to identifiable members of staff/personnel, including sensitive personal information, such as health related issues). When completing the report, please take care not to include any such personal information. Please also refer to our Wellcome Grants Privacy and Confidentiality Statement: <https://wellcome.ac.uk/funding/privacy-and-confidentiality-wellcome-grants>.

Provide an update on progress towards the key aims and deliverables outlined in your application. Describe how these contribute to the AAPs Outcomes Framework and the realisation of the Africa & Asia Programmes (AAPs) vision against the following four outcome statements. Include where you might be facing challenges in achieving the objectives of your award.

C1: Understanding of science and health is transformed by research Highlight one or two key achievements from the past year.

C2: Research relevance and impact is advanced by public engagement If applicable, highlight one or two key achievements from the past year.

C3: Discoveries are translated into new health interventions Has any of the AAP's research during the last year uncovered the potential for development of a new drug, vaccine, diagnostic test/procedure, medical device or any other therapeutic intervention?	
--	--

If yes, please give a brief description.

Have there been any significant developments in exiting translational projects in the previous year?	
--	--

If yes, please give a brief description.

B3: Researchers have the capacity to engage with policy makers If applicable, highlight one or two key achievements from the past year.

Use this section to highlight any other progress from the past year e.g. related to capacity building, further funding.

Provide a brief update on the operations and facilities of the AAP, including any changes or improvements to their running (e.g. development of research infrastructure, adoption of new technology or examples of innovation). Include where you might be facing challenges.

Staff/personnel

Group Leaders/Principal Investigators

Recruitment/retention difficulty

In the last year have you experienced any difficulty in the recruitment and/or retention of Group Leaders/Principal Investigators to work at the AAP?

If yes, describe the difficulties faced. Do not provide any personal information here which could be attributed to identifiable individual members of staff/personnel, including sensitive personal information, such as health related issues.

In the last year, have you experienced any difficulty in the recruitment and/or retention of staff to work at the AAP? Do not include any Group Leaders/Principal Investigators recruitment issues here - these should be captured above.

If yes, describe any difficulties you have faced in recruiting and/or retaining staff to work at the AAP. Do not provide any personal information here which could be attributed to identifiable individual members of staff/personnel, including sensitive personal information, such as health related issues.

Clinical trials

Please see Wellcome's policy on clinical trials: This policy forms part of our grant conditions, and sets out the requirements for our grantholders before, during and after clinical trials.

Only report clinical trials that are directly funded by your core award.

A clinical trial is any research study that prospectively assigns human participants or groups of humans to one or more health-related interventions to evaluate the effects on health outcomes (WHO Guidelines).

In the last year, have any new clinical trials been funded by the core award	
--	--

Title of the trial

Do you have ethical approval to undertake this trial?	
---	--

Is the trial registered with a clinical trials registry?	
--	--

Name of the register with which the trial is associated
(Select)

Trial registration number

Have you included a data sharing plan in the registry entry?	
--	--

If no, explain why not.

Has the trial started?	
------------------------	--

Give date the trial started.	
------------------------------	--

Have you completed participant recruitment?	
---	--

Date recruitment was completed.	
---------------------------------	--

Have you published the trial protocol?	
--	--

Provide a citation and/or DOI

--

Have you published the statistical analysis plan?	
---	--

Provide a citation and/or DOI
